A MESSAGE FROM THE VILLAGE PRESIDENT

Summer is upon us that means road work. At some point there will be various concrete and black top work happening around town. In the next few meetings, we will be discussing adding more four way stops below the hill to help curtail some speeding problems. We are now reviewing the updated ordinances page by page and once fully reviewed, they will be voted on and put into effect. One issue that seems to be ongoing is grass in the street. It's dangerous for bikes and motorcycles. It also gets into the storm drain system and causes problems with it. Please be aware of the kids out this time of year now that school is out. I want to thank again the Hampton Historical Society for once again putting on the Memorial Day program. It was especially nice this year to have the fully restored monument for the ceremony. Hopefully in the next few months work will begin on restoring Village Hall since it is also in need of many repairs. Have a great start to the summer.

HAMPTON HISTORICAL SOCIETY MEMORIAL DAY CEREMONY

There was perfect weather for the Hampton Historical Society's annual Memorial Day Celebration, held in front of the newly-restored Monument and the Brettun & Black Museum. Hampton residents, friends and family members came out to pay their respects to those brave service men and women of Hampton who have passed. In attendance were Village President Bornhoeft, Trustees Ryan Gonzalez (not pictured), Mark White and Steffanie Adams. As always, the Hampton Historical Society put on a wonderful ceremony, including a reading in front of the Monument, followed by throwing flowers in the River, and then the reading of the names of the Veterans who have passed. Afterward, the Historical Society offered refreshments and desserts inside the Museum for attendees to enjoy as they chatted with other attendees and explored the new auto exhibits. The Village Board extends its gratitude to the Hampton Historical Society for continuing this long running, unique and meaningful tradition.
